

Animal Surveillance Disease Survey

Madison County Department of Health

Thank you for taking the time to answer a few questions about disease from select zoonotic agents and noting any particular trends you might be seeing in your offices. Feel free to add additional pages. Please fax or email your response by the last Friday of the current month to 315-366-2207. We appreciate your input.

Have you seen or confirmed any of the diseases below in your practice in the last month?
